Kozhikode: Police busted a major fake currency gang at Balussery. They seized a huge number of fake currency notes, paper and printing machine.

Three persons have been detained. Police have not revealed their details.

The gang was working from a rented house in the area. The gang had been printing fake notes in the denominations of Rs 500 and Rs 2,000. Police said that it would take some time for them to determine the total number of fake notes seized. A police team led by the Balussery CI raided the house following a tip off.

Police believe that the gang rented the house in an interior area hoping to avoid suspicion. Further investigation is on.
