Fake diesel making factory revealed, accused arrested

On Tuesday, Jaipur Commissionerate's Special Team (CST), Logistics Department, Celltax, GST Department in Chaumu police station area raided the fake diesel manufacturing factory while conducting raids. At the same time, the factory owner has also been arrested in this case. Apart from this, the police have also seized 10 thousand 700 liters of petroleum material including 27 hundred liters of ready-made diesel. The accused is currently being questioned

Police Commissioner Anand Srivastava said that complaints were being made for a long time about making fake diesel in the market. Police teams were formed under the leadership of a police officer to monitor such gangs and to monitor the suspects. Head Constable Pawan Kajla and Constable Anil Kumar got information that Arjunlal Yadav set up a factory to refine black oil in village Jaitpura situated in Chaumu police station area by making fake diesel illegally in black oil in his market through his peddlers Diesel is being sold at a cheaper rate than. Apart from this, Arjun Lal Yadav has given about a dozen other similar plants by giving them to other people, who are also doing this type of fraud.

The Dabish in Jaitpura factory-

Police said that Vaishno Petro Lube, the factory mother of Jaitpura of Arjun Lal Yadav was attacked. During the operation, in the name of refining black oil in the factory, illegally seized about 2700 liters of prepared fake diesel including 10 thousand 700 liters of petroleum material, 100 quintal clay (clay) and 25 quintal of black clay and other equipment and sealed the factory. was done. At the same time, factory owner Arjunlal Yadav (50) resident, Dharni Jaitpura Chaumun of Tharakia has been arrested.

There is no technically knowledgeable factory

The factory owner Arjun Lal Yadav only knows how to write his name, but there is no technical knowledge. Mazdur, who works at the factory, is also not technically knowledgeable. By which the said dangerous plant was being run among the population. A little carelessness can also kill the people living in a boiler within a radius of about one km.

Mastermind of setting up such factories

Arrested accused Arjunlal Yadav is the mastermind of factories making fake diesel illegally and during investigations it has come up with similar plantations in many other places in Rajasthan. Agreements have also been found to plant plants in the investigation.

Oil refining plant was installed for five years

Police said that the alleged stolen black oil was ordered and sold without bill and illegally prepared fake diesel, causing huge loss of revenue to the state government. Apart from this, the plant of refining black oil by the name of Ma Vaishno Patrolube in its own farm in Dharki of Thakri of the accused Jaitpura has been in operation for almost five years, which is currently illegal in a large scale when the rate of diesel is high Started preparing fake diesel. The accused has also taken license from the Department of Environment, but the said license has expired in June 2020.

Factory opened here too - It

was revealed in the interrogation of accused Arjun Lal Yadav that similar factories are also located in other districts of Rajasthan. On the information of CST Commissionerate Jaipur, raids were also conducted in Kesavana Kotputli (Jaipur Rural) Madanganj, Rico Area (Ajmer) Bikaner, Bhilwara and Hanumangarh districts. Apart from this, in the same way, the factories of making illegal diesel from black oil have been found in Bagru Rico Area, Bagru District Jaipur and Madanganj Rico Area Ajmer. Which will also be acted upon.
