

## Uttarakhand Police busts fake medicine manufacturing factory

The Dehradun Police arrested two men, busted a factory manufacturing fake medicines run by them and recovered large quantities of fake medicines and raw material from Dehradun, a police official said.

The accused were identified as Sachin Sharma (40), a resident of Manglaur in Roorkee (Haridwar) and Vikas Kumar (32), a resident of Muzaffarnagar in Uttar Pradesh, who are currently residing in Raipur of Dehradun.

Police recovered 21,83,600 counterfeit capsules, 3,000 wrappers, empty capsules, 50 kg raw material, 107 tape roll, 15 foil cover, 15 empty cartons, 7 invoice bills, one laptop, seven mobile phones, one Range Rover, one KIA car, and machines and equipment used in the manufacturing of fake medicines.

Police said the two accused were associated with the drug manufacturing industry before they lost their job during Covid-19 period and eventually decided to set up a fake drug production factory. The two also acquired a large number of movable and immovable assets, including a Range Rover car worth ₹1 crore, by selling the spurious drugs in various parts of the country.
