

## Fake sugar control injection Monjaro seized in Gurugram, stock worth Rs 70 lakh

seized

### Gurugram:

In a major crackdown against counterfeit drugs, the Gurugram Drug Control Department has seized a stockpile of Monjaro injections, used for diabetes, worth approximately ₹70 lakh. Drug Control Officer Amandeep Chauhan said the department received information from an informant that a large quantity of counterfeit Monjaro injections was being brought into Gurugram. Based on the information, a raid was immediately conducted and the entire stock was recovered.

Where did such a huge consignment come from?

Amandeep Chauhan, an official with the Drug Control Department, stated that the Monjaro injection is originally manufactured by an Italian company and is used to treat diabetes patients, but in India it is also being misused for weight loss. The department is currently investigating the origin of this large consignment of counterfeit injections and the alleged perpetrators involved. Officials say that after tracing the supply chain, action will be taken against the entire network.
