**Fake Mounjaro maker in Gurugram tried to sell 'Toneup' drug in Delhi market**

A man accused of manufacturing counterfeit Mounjaro, a popular diabetes and weight loss drug, out of a flat in Gurugram had also been producing a fake tirzepatide-based injection branded as 'Toneup', officials said on Sunday.

Avi Sharma (32), the alleged mastermind, attempted to introduce and sell his product to a few individuals in Delhi's Bhagirath Palace, a well-known wholesale drug and medicine market, but no one purchased anything from him, officials stated.
